TOWN AND SCHOOL OFFICES WILL AGAIN AMALGAMATE

One of the most important items considered at the meeting of the town council on Monday night was the proposition put forward by the School Board, asking that the offices of the school and town be again contained under the one roof.

Some three years ago the school board decided that the affairs of the district could be better looked after independently and concluded to separate from the town and operate an office of their own. Under the independent system the affairs have been handled very well, but the time has now arrived when the resignation of Mr. James Naylor as secretary-treasurer is being considered and with it the advisability of again combining the office with that of the town presents itself.

One of the chief reasons advanced by the board at this time is that in their opinion a saving of approximately \$500 a year could be effected under a joint administration, quoting such items as printing, office rent, telephone, postage, light, etc., that might be eliminated.

The idea of amalgamation was strongly urged at different times by Mr. W. D. Spence, deputy minister of municipal affairs, and the board has given the matter very serious consideration.

After considering the various phases of the proposition and hearing opinions expressed by members of the board and council, and others, a resolution was passed by the council to the effect that the office of the school secretary be included with that of the town, that the salary of the secretary be increased to at least \$200 per month, and that a transfer of affairs from the school to the town be made, to become effective on and after January 1st, 1928.

Mr. Naylor, whose resignation is to become effective at the end of the present month, will render all assistance possible to Mr. Kelly in connection with the transfer and added work.

The minutes of previous meeting of the council were adopted as read and a number of accounts were passed for payment.

Mr. Mahoney, representing the Cosmopolitan Hotel, asked for a revision of the scale of light rates, suggesting a sliding scale. The Cosmopolitan Hotel was shown to be the largest buyer of electric current from the town. In fact, the monthly consumption almost doubled that of the town of Frank. The light committee was asked to go into the matter and make recommendations at the next regular meeting of the council.

The tender of E. J. Pozzi for the erection of a footbridge crossing the Old Man River at Sixth Avenue was accepted, the work to begin at once.

The auditor's report for the third quarter and nine months ended September the 30th was submitted to the meeting and showed the affairs in general to be satisfactory.

MINE DISASTER PROBE ENDS AT COLEMAN

The investigation into the cause of the explosion which a year ago killed ten men in the McGillivray mine at Coleman, concluded Tuesday afternoon with the evidence of Dr. A. E. McIntyre, Ph.D., chemical expert of the department of mines, Ottawa.

Dr. McIntyre blamed no one for the explosion, explaining that it was one of those unfortunate occurrences inseparably connected with the mining industry. He absolved the coal company, the mine management, the government mine inspectors, the mine workers and the powder company from liability.

The investigation occupied a whole week. It will be some time before the finding of Chief Justice Harvey, the commissioner, will be given out.

CHILDREN'S RALLY DAY SERVICES WELL ATTENDED

Despite the coldness of the weather, the rally-day services of the children of the United church Sunday schools and their parents and friends, held in the opera house at 2.30 and 7.30 on Sunday last, were well attended.

The pastor, Rev. J. W. Smith, was in charge of both services.

In the afternoon, the service was particularly for the children and an appropriate talk was given by Mr. Smith. The senior choir of the church led the singing and several solos by the young people were well rendered.

In the evening a large audience was in attendance and all were particularly pleased at the work of the mixed choir of adults and children under the leadership of Mr. Robert Dieken.

A duet by Misses Lena Fraser and Jean Greig was particularly well rendered, as was also a solo by Miss Violet Rae, entitled "My Task," and a reading by Miss Greig entitled "The Searchers." The choir was made up of one hundred and fifty voices. Rev. Mr. Smith delivered a fitting and able discourse.

Mrs. Muncester presided at the organ, assisted by Mr. George Goodwin, of Bellevue, cornetist. Mr. Goodwin also rendered a cornet solo.

GRAND CONCERT AT BELLEVUE, DECEMBER 6

Bills are being circulated, announcing a grand concert to be held in Cole's theatre at Bellevue on the night of Tuesday, December 6th, proceeds of which will go to the United Church Benevolent Fund.

The following artists will assist: The Hillcrest Serenaders' orchestra; Miss Doreen White, of Hillcrest, soprano; Miss Edna Cole, of Bellevue, contralto and dramatic reader; Mr. Arthur Hadwell, of Bellevue, tenor; Mr. W. N. Hayson, of Coleman, baritone; Misses Hazel and Irma McDonald, of Bellevue, piano; Mr. Frank Johnson, of Blairmore, violin, and the Goodwin quartette. Mrs. Percy Salt and Miss Hazel McDonald will accompany.

The chair will be taken by Mr. Noble McDonald promptly at 8 o'clock, and a delightful programme is assured.

NEW STORE OPENING HERE

The Sartoris store, just east of the Orpheum theatre, has been leased by Mr. Hyslop, of Hyslop's Ladies Wear store, Pincher Creek.

Mr. Hyslop will open up for business on Thursday next, December 1st, with a full line of ladies' wear, etc. Further announcements will be made next week.

HOCKEY

During the week the Blairmore senior, junior and juvenile hockey teams have been getting into form. There is considerable promise of excellent teams for this season. We understand that the juniors are being backed by the local branch of the Canadian Legion, while the Elks will again sponsor the seniors.

The seniors of last year are almost intact for this season. The personnel will include "Tony" Vejprava, Alex. McVey, Frank Vejprava, Freddie Mackay, Bill Johnston, Henry Drumart and "Gusty" Vangotinsoven. The only change in the juniors is Vangotinsoven advances to the seniors.

We understand that the seniors have all necessary qualifications and have affiliated so as to be able to enter the provincial and Allan Cup play-offs.

DON'T FORGET the date, Monday, November the 28th, for the bazaar in the United church, Bellevue, under the auspices of the Ladies' Aid.

ELKS' MEMORIAL SERVICE SUNDAY, DECEMBER 4th

The public are asked to bear in mind the Elks' annual memorial service, which will be held in the Elks' Hall on Sunday, December the 4th, at 3.50 p.m.

A suitable programme is being arranged.

WORLD HAPPENINGS BRIEFLY TOLD

January 17 to 20 inclusive are the dates for the annual convention of the United Farmers of Alberta, probably in Calgary.

The average cost of a weekly family budget of 29 staple foods was \$16.99 at the beginning of October as compared with \$10.87 for September.

Mr. Harry Lauder, who has been in retirement in Scotland since the death of his wife last summer, will return to the stage in the winter.

All departments of the Alberta Government have been notified their programs of legislation for the next session of the legislature must be in hand by the end of December.

The Rev. Herbert Quarrie, athletic vice of St. Andrew's parish, Jersey, proposes to conquer the English Channel in an exhibition swim to raise money to complete the building of his half-finished church.

France is rapidly becoming the greatest producer of new postage stamp issues in the world. In addition to recent special stamps issued in honor of the American Legion visit, four special issues have appeared within a month.

Moukhtar Bey, Turkish diplomat, has been appointed Turkish ambassador at Washington. Turkey has been represented by an ambassador at Washington since the break in relations between the U.S. and Turkey when the U.S. entered the world war.

Lawyer: "Why do you want a separation from your wife? Aren't your relations pleasant?"

Tired Business Man: "Mine are, but hers are perfectly horrid."

All a man has to do when he goes shopping with his wife is to take notes.

For all pains—Minard's Liniment.

It's a pretty, safe plan to judge a man by the people he doesn't keep company with.

The BABY

No mother in this enlightened age would give her baby something she did not know was perfectly harmless, especially when a few drops of plain Castoria will right a baby's stomach and end almost any little ill. Croup, pneumonia and fever, too; it seems no time until everything is serene.

That's the beauty of Castoria; its gentle influence seems just what is needed. It does all that castor oil might accomplish, without shock to the system. Without the evil taste. It's delicious! Being purely vegetable, you can give it as often as there's a sign of colic, constipation, diarrhea, or need to aid sound, natural sleep.

Just one warning: It is genuine Fletcher's Castoria that physicians recommend. Other preparations may be just as free from all doubtful drugs, but no child of this writer's is going to test them. Besides, the best on care and feeding of babies that comes with Fletcher's Castoria is worth its weight in gold.

Alberta Steers For Chicago

Price Received Sets a New Figure For This Season

Forty-one head of Alberta grass-finished steers shipped to Chicago last month set a new figure on that market for this season for this class of cattle. These steers sold at \$14.65 per hundred pounds, exceeding the previous high price by 65 cents. Good prices on the American markets have attracted large shipments of cattle from the western provinces during the past few months.

Watch Winds Itself

A Lancashire man has made a watch that winds itself. It is intended to be worn on the wrist and has a small weight ingeniously incorporated in the mechanism. The movement imparted by the arm as it swings while walking causes the swiveling weight to give a turn to the spring. The spring will keep wound for forty hours, and only half an hour's winding is necessary to wind the watch.

Exhibiting Mystery Wheat

New Variety Will Be Shown At Chicago By Alberta Grower

Herman Trelle, of Wembley, the Alberta wheat wizard, has definitely decided to exhibit his "Mystery" wheat at the forthcoming International show at Chicago.

Reference has been made from time to time to this new variety of wheat with which Mr. Trelle has been experimenting, but it was not by any means certain whether he would include it in his exhibit at Chicago this year.

It is the general expectation among grain men that it will create a still greater interest than his Marquis wheat last year.

Wheat growers everywhere have been keenly interested in the experiments that have been carried on by Mr. Trelle inasmuch as it is stated this new variety will ripen quite ten days or a fortnight earlier than Marquis. Mr. Trelle states that the "Mystery" has been the best wheat grown on his farm this year. Test samples weighed more than seventy pounds to the bushel and graded No. 1 North.

In addition to its early ripening it is claimed that the new wheat is much more frost resistant than any other wheat known. What Mr. Trelle has aimed at is to produce a wheat that would lend itself to be cut and threshed by the combine harvester and yet be equal, if not superior, to Marquis, particularly so far as its milling qualities were concerned.

Aided Progress Of Locomotion

Albert Champion, Spark Plug Manufacturer, Dies In Paris

Albert Champion, Franco-American Spark Plug manufacturer, died recently in Paris while on a vacation from the United States.

Champion's life was devoted to keeping up with man's progress in locomotion. From a messenger boy in Paris at 6 francs a week he became one of the speediest cyclists in the world. With the coming of the internal combustion engine he became an automobile racing driver.

Champion then emigrated to America, where, in 1905, he founded with W. C. Durant, the automobile manufacturer, the Spark Plug Company, which made him a millionaire, with plants in America, England and France.

Only a few days ago he remarked that the two things of which he was most proud were his bicycle championships and the fact that his spark plug fired the motor that carried Lindbergh, Chamberlain and Byrd across the Atlantic. His age was 47.

In honor of Benjamin Franklin, a tablet has been erected at Auray, France, to mark the spot where the distinguished citizen of this country landed for one of his brief visits to that country.

A subway system of pneumatic tubes beneath New York streets delivers 5,000,000 letters daily to sub-stations.

National Parks Attract Tourists

Many Distinguished Visitors Were Guests At Mountain Playgrounds This Year

Tourist travel to the National parks during the season that is just closing has been exceptionally heavy and the number of distinguished visitors the largest in the history of the parks. The most notable of these were, of course, Their Royal Highnesses, the Prince of Wales and Prince George, who, with Premier and Mrs. Baldwin and other members of the Royal party, spent several days informally at Banff and Lake Louise resting after their strenuous tour across Canada.

Earlier in the year Banff was honored by a visit from Their Excellencies, Lord and Lady Willington, who spent a few days there on their first trip to the West. This autumn their Excellencies returned for a couple of weeks' holiday in Jasper park, enjoying with their party the fishing, golf, and motoring of that superb Alpine playground.

The number of private parties, many of which travelled in special trains, was also unusually large, and included a special party of delegates to the Pan-Pacific Religious Congress at Honolulu, among whom were Sir Frederick Whyte, Viscount Cuttoreagh, Lionel Curtis, founder of the Round Table, Malcolm MacDonald, the Hon. William Astor, son of Lord and Lady Astor, the Hon. Hugh Wyndham, Sir Arlidge and Lady Currie and a number of other prominent citizens of the Empire.

Other visitors were the British Editors' party of about 120, a party of delegates from the World's Poultry Congress comprising over 100, and 300 delegates to the Triennial Congress of Mining and Metallurgy. Special parties from the United States included 400 members of the Investment Bankers' Association, travelling in four special trains; the New Outlook Magazine party numbering 200; and delegates to the Convention of Real Estate Men, who toured in two special trains. Several large special parties came also from Ontario and Quebec, including one of about 150 visitors who travelled under the auspices of Laval University, Quebec.

Indians Return To Forefathers' Religion

Tribe Of Six Nations Will Restore Old Deities

Closing a three-day religious powwow at the Caughnawaga reservation, just across the St. Lawrence river from Montreal, Indians of the six nations decided to abandon the Christian religion and return to the religion of their forefathers.

Old Indian deities worshipped before the white men invaded America and made famous in Longfellow's "Hiawatha," will be restored.

Chief American Horse and Chief Two Axes are the leaders in the reformation. The three-day powwow has been in reality the insurance of religious services of their forefathers' religion. One of the leaders said they were turning back to their forefathers' God, the Great Spirit, for sympathy in their present state, tied down as they were by the white man's laws.

Essential For Business Success

Values and service are the Siamese twins of business—cut them apart and they die. Your success depends absolutely on whether or not you are honestly giving these two things to the public for its money. Disregard them and you do not advance.

SUNDAY SCHOOL LESSON

NOVEMBER 27

ISAIAH TEACHES TRUE WORSHIP

Golden Text: "Who shall ascend into the hill of Jehovah? And who shall stand in his holy place? He that hath clean hands, and a pure heart."—Psalm 24: 3, 4.

Lesson: Isaiah 1: 1-20.

Devotional Reading: John 12: 24.

Explanations and Comments

1. The Perverselessness of God's People, verses 1-9.—"The Great Arrangement" is an apt phrase given to this chapter by Ewald, God's chosen people have rebelled against Him. Even the dumb animals, the ox and the ass, are responsive to their masters, but the people of Judah do not consider their Lord. This perverseness has brought punishment upon them, and it is only because of Jehovah's mercy that they have escaped the fate of the people of Sodom and Gomorrah.

2. Outward Signs Of Religious Zeal Do Not Deceive Jehovah, verses 10-15.—The prophet now bears in spirit the remembrance of his audience. He thinks, "They would fain represent the accusations which he had uttered as unfounded, by appearing in their exact observance of the divine law; but in opposition to this ground of self-justification which the prophet has read out of the hearts of those iniquitous he has proceeded to prove the divine arraignment which begins in verse ten."

"Hear the word of Jehovah, ye rulers of Sodom," the prophet cries, "give ear unto the law of our God, ye people of Gomorrah." By addressing them as "rulers of Sodom" and "people of Gomorrah," he reminds them alike of their wickedness and of their danger. The "law" to which he bids them give heed, is the inspired discourse he is about to deliver.

A Dangerous Practice

Despite Repeated Warning Many Run Engine In Closed Garage

At the beginning of cold weather each year, warnings are broadcast against the danger of carbon monoxide poisoning. And each year, like those previous, deaths from exhaust gas fumes continue to trickle into the news as profusely as ever.

Perhaps this is only a scare, like the railroad crossing bugaboo. We've seen many thoughtless drivers cross tracks without shifting to a lower gear or hesitating a moment. And nothing happened.

Yet news of accidents at railroad crossings continues to be printed, and reckless motorists continue to cross crossings any way but cautiously.

So it is with running the engine in a closed garage. Write about it, broadcast it, hammer it into the heads of some automobile owners, and somehow or other there remain a few who have never read newspapers or listened in on the radio, or whose heads are impervious to the heaviest blows. This is the hopeless class for which we must continue to keep pulmonary ready and whose lives we must save.

World Wheat Harvests

The combined North American crop of wheat in 1927 is estimated at 631,000,000 cwt., a net reduction of 25,000,000 cwt. on the year, but about equal to the five-year average. India's wheat harvest has yielded some 3,000,000 cwt. more than last year's crop. Russia's harvest is generally expected to be 20,000,000 cwt. above the 1926 yield. Hungary's crop will be over average, and Bulgaria's 2,000,000 cwt. more than that of last year. Argentina has some 25,000,000 cwt. surplus wheat.

The mere offer of a match will sometimes light up a girl's countenance.

Charleston Dance Contest

Judged By England's Leader

Miss Leslie, Gotten, chief judge of the Charleston contest for England, writes: "My unique position in the dancing world today would never have happened if I had not taken care of my health. I constantly had that tired out, depressed feeling, with sick headache, indigestion, biliousness caused by the poison of constipation. Your mild laxative has been of valuable assistance in keeping my system in a daily healthy condition."

World's Greatest Menace

Shiftnessness Appears To Be Growing

At Alarming Rate

Some people say the Great Menace is one thing and some another.

I believe, indeed, that there are several hundred, all of them serious enemies.

My opinion is the great menace is growing shiftnessness. Look—where you will, and you find lack of respect for the old industry and morality.

People are demanding dangerous liberty: dangerous prosperity.

Debt—public and private—are piling up. People are leaving farms to go to the towns, where they become Citizens of the World, and declare the world owes them a living.

And where business is transacted with difficulty because of the great number of automobiles occupied by people having a good time.

The world has always been shiftness, but the shiftnessness of today is much worse than anything in the past. We do not lack education, all the higher things are progressing.

But attended by a shiftnessness that is surely alarming.—E. W. Howe's Monthly.

Wise is the man who pays for what he gets and gets what he pays for.

For Your Stock

Minard's is a handy and effective first aid both in the stable and barn.

The French Senate has voted a subsidy of 2,000,000 francs (about \$80,000) for the expenses of French athletes to participate in the Olympic games at Amsterdam in 1928.

Officers, members and their wives and guests of the Alberta Press Association, on the roof garden of the Palliser Hotel, Calgary, during the annual convention, which closed Saturday, October 22nd.

THE GREAT HERBAL SKIN BALM

PAINTED FIRES

BY NELLIE L. MCLUNG

COPYRIGHT, CANADA, 1925

CHAPTER XII.—Continued

Three mines were in operation now, all owned by the same company and all subject to the same conditions. Every one in the valley felt that his stay was but temporary, so no one called it home.

Facing the station road the Boarding House, where the stage men had their meals, a great weather-beaten building, square as a box, sandried and starting. The front of it bore a sign, printed in black letters on a white board:

"Elite Boarding House,
M. McMann, Prop."

McMann knew that Eagle Mines could never be her abiding city. Indeed, she had no hesitation in declaring that Canada would lose her just as soon as she made her pile. She would "go back to God's country," which in this case meant Lincoln, Nebraska. Mrs. McMann had often wondered audibly why she had left. Certainly it was not for lack of friends. No woman ever had more friends, and though absent from them now she was not forgotten. To the boarders she gave verbatim extracts of letters she received. Her friends were very impatient for her return. "Why in the world do you bury yourself alive in that cold country, where they have only three seasons, July, Autumn and Winter—a woman like you, who can make her way any place?" or "Everybody is asking me when are you coming, but you sure would get a royal welcome."

Some of the boarders rather unctuously urged her to go and never mind them—so warmly, indeed, that Mrs. McMann grew rather reserved on the matter. It is sometimes a decided social blunder to agree with everything that is said.

Mr. McMann had returned to his native land the year before, shaking off the rather cumbersome yoke of matrimony at the same time, and leaving a letter saying that so far as she was concerned he was dead—for it certainly was not her fault that he wasn't—and that he would leave her the farm and the insurance, too, if she would sign a paper saying that she would never try to sue him. He "hoped to God" she would marry again, though he realized it was a mean thing to wish on anyone; but in another way he would be glad for someone to know from actual experience what he had gone through. He was "feeling" fit at present and hoped she was enjoying the same great blessing.

Mrs. McMann accepted the farm

SICK ABED EIGHT MONTHS

After Taking Lydia E. Pinkham's Vegetable Compound Could Do All Her Work and Gained in Weight

Melfort, Saskatchewan.—"I had inward troubles, headaches and severe pains in my back and sides. I was so sick generally that I could not get up and I was in bed most of the time for eight months. When I first took the medicine I only weighed seventy-eight pounds. Now I weigh twice as much. If I get out of sorts or weary and can't sleep I always take another bottle of the Vegetable Compound. I find it wonderfully good for female troubles, and have recommended it to my neighbors. I will be only too glad to answer any letter I receive asking about it."—Mrs. WILLIAM BERTIN, Box 486, Melfort, Saskatchewan.

W. N. U. 1708

And he did not retaliate by telling her a word about himself.

Young Mr. Doran was deeply impressed when Mrs. McMann hinted at the dark and mysterious disease bravely borne. "If I am doing on my feet," she had told him the second day he was there, "but no one will know it till I am gone. It's my way. It's the proud Weekes way. It was a Weekes. Cut me in inches if you like, I will never complain. Poor Mr. McMann of ten remarked on it. 'Girl, you're a wonder,' he often said—he was a great hand to call me 'girl'—he said I was always just a girl to him."

"But see here, Mrs. McMann," protested Jack, in real concern, "why don't you get help here? You're foolish to work so hard. You have plenty to do when you do the cooking. Get a girl to do the dining-room work—there are lots of girls who would be glad of a job, for the 'summer away'."

"No, I've tried girls. They get lonesome. It's too far from Jasper Avenue and the Allen Theatre. I don't know what's got into the girls nowadays—they won't work. They don't want to do it to pump. They can't cook—they won't learn. They'll depend on canned stuff when they get married, and starve if they lose their can openers. No I won't have any."

"But there's lot of good girls, smart and tidy and all that," protested Jack.

"Yes, maybe, but where could I get one of them?—You tell me and I'll tell you."

This conversation took place at noon. On the four o'clock train came Hiedi.

The sun poured down with a pitiless glare on the confirmed ugliness of the little house-like house. The kindly white snow which had covered the littered backyards, was gone, and now there came in full the piles of cans, discarded clothing, old boxes, old boots, which the snow had mercifully hidden. Water stood in puddles on the one little street where the general store, the hotel, postoffice, mine office, and boarding-house, sat side by side all looking at the station, which because it belonged to a system and was not dependent on local capital, had walls of stone gray and a red roof. So far as could be seen, not another tint of paint had ever gained a foothold in Eagle Mines.

(To Be Continued.)

Homesteads in H.B. Area

Excellent Land in North Soon To Be Available For Settlement
The Saskatchewan Board of Trade and The Saskatchewan Daily Star has successfully cooperated in urging upon Ottawa, that lands tributary to the Hudson Bay Railway be thrown open for homestead entry. It is now announced that immediate action will be taken.

The famous clay belt, estimated to contain between 6,000 and 7,000 miles will alone provide 25,000 farms of 160 acres each.
It is intended that the successful growth of wheat, oats, barley, fodder and root crops at the experimental stations at Mile 127 and Mile 185 have been an effective demonstration of the agricultural possibilities of the lands soon to be available for settlement.

Commissioner J. H. Holmes has strongly insisted on Premier Bracken of Manitoba, that land near The Pas be thrown open and asked his support that homestead areas be defined in Northern Manitoba, and it has been suggested to Ottawa, that to facilitate economical entering by intending homesteaders, sub-land offices be established north of The Pas.

Cheapest Of All Oils.—Considering the qualities of Dr. Thomas' Electric Oil it is the cheapest of all preparations offered to the public. It is to be found in every drug store in Canada from coast to coast and all country merchants keep it for sale. So, being easily procurable and extremely moderate in price, no one should be without a bottle of it.

Silk Manufacturing
One of the largest French silk manufacturing firms will establish a factory in Canada. The plant will likely be located in the St. Catharines district, Ontario. There will be an initial installation of from 20 to 35 looms and to handle will be employed.

DODD'S KIDNEY PILLS
SPECIAL KIDNEY DISORDER
BARBEREATON'S
4087 THE PHARMACY

Of the millions of packages of Red Rose Tea sold, few, if any, are returned as unsatisfactory. That's because Red Rose is packed only in Aluminum. There is never any loss of flavor through dampness. Never any staleness or deterioration. The bright, clean aluminum container keeps Red Rose as fresh and rosy as the day it was packed.

A German On Russia

Misery Among the Working Classes Described As Appalling
A well-known German Socialist, Dr. Otto Friedlander, who took a trip through Russia this summer, and was permitted by the Soviet to study conditions in the country at will, has just published his impressions. Living conditions he found very bad. Two families often have to live in one room, separated merely by a chalk line. The misery among the working classes has resulted in an army of parentless and homeless children, who are begging, stealing, and sometimes by even worse methods. While the Soviet authorities spend gigantic sums of money for propaganda purposes, a generation of criminals is springing up, whose forcible education is being seriously demanded by the Russian peasants. The suppression of freedom of opinion is absolute, and for non-Russians unbearable. Intellectual depression lies over the land. Dr. Friedlander's opinion is that the position of Russia is bad, and that, if fresh credits are not obtained from abroad very soon, the country will undergo fresh economic shocks.—Dublin Irish Times.

Radio Reduces Cable Receipts
Wireless Generally Has Cut Finances Of Pacific System
A disturbing report with regard to the financial results of the Pacific cable, the Canadian Press learns, will be presented shortly to the governments concerned—those of Great Britain, Canada, Australia and New Zealand. The use of Empire radio system and wireless generally has resulted in causing a reduction in the Pacific Cable receipts. At the rate of \$2,950,000 (\$475,000) annually, it is said, and this will not represent the peak of the board's loss.

The Pacific Cable Board is apprehensive that the Dominion station at Seattle, which will be completed shortly, will result in increased competition and will affect unfavorably the present cable traffic from the U.S.

The receipts of the Pacific Cable Board for the current year may meet the expenditures, but it seems likely that future years will show a loss.

Garnet Wheat in Alberta

May Largely Replace Other Varieties
On Heavy Black Land
Experimental data and field observations indicate that Garnet wheat will fill a long felt need in Central Alberta, states the superintendent of the Lacombe, Alberta, Experimental Station, in his latest report. It gives a yield which compares favorably with the highest yielding varieties and matures as quickly as any of the early maturing sorts with the exception of a few. An acre of Garnet of last year's wheat was grown at the Lacombe Station last summer and the average yield was 40½ bushels per acre although only 15 per cent of the area was summer-fallow or fallowed a hard chop. Samples of the wheat were placed one grade higher than Marquis. The superintendent believes that Garnet will largely replace other varieties on the heavier black land of central and northern Alberta where late maturing kinds are subject to frost injury.

And This Is Law
Connecticut has a windshield wiper law which says all motor vehicles except motorcycles must have windshield wipers. Albert Rabenstahl had a truck but no windshield wiper. As a matter of fact there was no windshield on the truck to be wiped. There was the windshieldless truck and there was the law. The law won. "Five dollars and costs," said Judge Deming in town court. Albert is in the market for a wiper.

The custom of calling Boston the Hub comes from a saying by Oliver Wendell Holmes in his "Autocrat of the Breakfast Table" that "Boston Statehouse is the hub of the solar system." The saying was corrupted to "hub of the universe."

He: "I had a wonderful time at your party last night."
She: "Why, I had no party last night."
He: "That's not well, believe me, I was at somebody's party."

Minard's Liniment for Chilblains.

Endorse Work Of World Alliance

Messages From Prince Of Wales and Premier King Read At Meeting
Endorsements of the work of the World Alliance for International Friendship and expressions of hope for continued world peace were contained in messages from four countries read at the International Good will Congress at St. Louis, Mo.

Two of the messages were as follows:
H.R.H. the Prince of Wales, through Sir Godfrey Thomas:

"His Royal Highness' feelings are in full sympathy with an organization that seeks to make more effective the influence and the conscience of Christianity in striving to prevent causes which ultimately lead to war."
Hon. W. L. Mackenzie King, Prime Minister of Canada:
"The influence of the churches cannot fall of reaction on public opinion, if Christian men and women everywhere but unite in furthering the idea of peace on earth, good-will toward men, which is the very foundation of all true happiness and progress."

B.C. Whale Catch
The total whale catch on the British Columbia coast this year amounted to 261 mammals, it is announced by Captain George Lemarquand, following the return of the last of the Consolidated Whaling Corporation's fleet from the hunting grounds off Queen Charlotte Islands. Last year 269 whales were taken—an increase of 8 over this year's catch.

THE ONLY MEDICINE BABY HAS HAD

Is What Thousands Of Mothers Say Of Baby's Own Tablets

Once a mother has used Baby's Own Tablets for her little ones she will use nothing else. Experience teaches her that they are without an equal for relieving baby of any of the many minor ailments which afflict him at one time or another. The Tablets never fail to be of benefit—they cannot possibly do harm as they are guaranteed to be free from all injurious drugs.

Concerning Baby's Own Tablets Mrs. Russell Hill, Nonpendon, says: "I shall always have a good word to say for Baby's Own Tablets. I have given them to our baby girl. In fact they are the only medicine she has ever had and I am proud to say that she has second prize at our baby show. She is eleven months old and weighs 22 pounds. No mother whose child is peevish or ailing will make a mistake in giving Baby's Own Tablets."

Baby's Own Tablets are sold by medicine dealers or direct by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Some people can't stand prosperity and some can't even get a chance to try.

Minard's Liniment for Neuritis.

"G" is a dangerous letter in a country because it turns words into words.

A man's shoe seldom find him out until after his neighbors expose him.

If you would have a good servant select neither a friend nor a relative.

Simple and Sure.—Dr. Thomas' Electric Oil is so simple in application that child can understand the instructions. Used as a liniment the only direction is to "rub, and when used as a dressing to apply. The directions are so plain and unmistakable that they are readily understood by young or old.

Little Help For This Week

Now the God of hope fill you with all joy and peace in believing, that ye may abound in hope.—Romans xv. 13.

Ah! yet when all is thought and said. The heart still overrules the head; Still what we see we must believe, And what is given us receive; Must still believe, for still we hope That in a world of large scope, What here is faithfully begun, Will be completed, not undone.
—Arthur Hugh Clough.

All which happens through the world, happens through hope. A husbandman would sow a grain of corn if he did not hope it would spring up and bring forth the ear. How much more are we helped on by hope in the way to eternal life.
—Martin Luther.

CHRISTMAS TREES

There is no real reason why every family should not have a Christmas tree! Last year in North America six million trees were used, or about one tree to ten people.

The question arises—Where do our Christmas trees come from? How long does it take them to grow? Are we devastating our forests by brightening up the homes and making millions of youngsters happy at Christmas time?

Such eminent authorities as Dr. C. D. Howe, dean of faculty of forestry, University of Toronto, and others say "No." Dean Howe says "an acre of 20,000 acres—just thirty six square miles—if set aside and managed for Christmas tree production, would supply the present demand for each year for all time." The average size of trees sold in New York last year was six feet. From Frank Newman, forester in charge of the nursery station at St. Williams, we learn that Christmas trees (white spruce) of this size can be grown inside of ten years. We find further, according to Frank Sharpe, Ontario forestry branch, and Mr. Kishbaugh, of the Abitibi Power & Paper Company, that spruce of average Christmas tree size in the forest are about fifteen years old, or twenty years for trees of eight to ten feet in height.

From this it would appear that the Christmas tree industry is not going to impoverish the country, but is a

A young lad in the Kananagan district of British Columbia was bitten by a rattlesnake and died from the effects of the bite. An effort was made to have serum brought from Seattle and the National Limited train was held one hour to connect with a high-powered automobile carrying the precious remedy. However, the lad passed away before he could be treated. Wouldn't it be a good practice to have in certain cities, adjacent to outlying districts, serums such as are used in emergency? Had this been the case, possibly this lad's life would have been saved. "An ounce of prevention," etc.—but then we all know this old proverb—Canadian Elk.

Twenty degrees below zero was experienced in the Edmonton district during the recent storm.

legitimate trade. However, in taking out Christmas trees certain rules of conduct should be observed. For example, to cut the top off a perfectly good tree and leave the body to rot in the bush is a criminal waste and unworthy of self-respecting citizens. But to go into the bush and make a selection, cutting where the trees are too dense will do no harm. Further, by using balsam or cedar as Christmas trees, you would be utilizing the "wood trees," which have little or no value for other purposes. True, the cedar might grow into a fence post, but the balsam has little value and is such a prolific reproducer that ones taken would soon be replaced.

It has come to our attention that vandalism in taking Christmas trees from other people's property—even to poaching on private plantations—is prevalent. This is a question of public morals, which should not be tolerated by any community.

A little thought and care in the selection of Christmas trees will offset any possible harm, and may introduce much happiness at the Yuletide gatherings.

WHO IS THE HOME MERCHANT?

An exchange asks, "Who is the home merchant?" and then answers as follows: "He is the man who pays for the streets on which you walk; for the schools in which your children, or perhaps you were educated; he helps to keep the church in which you worship; he is the man who builds a home which enhances the value of your property. Every subscription paper that is passed has his name upon it. He is the one that cannot afford to swindle you, self respect if nothing else would prevent this; he bears his share of the burden of good government and stays with you in sunshine and darkness, in prosperity and adversity. These are few of the reasons why your patronage should be given to home merchants, printers, etc., first, last and all the time."

The home merchant is like a man's wife. He is with you in sickness and in health and ever ready to assist those, who through misfortune may need assistance.

Patronize those who are helping in every possible way to make the community in which you live a more desirable place to live in and call your home.

NEW RED CROSS COMMISSIONER NAMED

A. C. L. Adams, of Calgary, has been appointed provincial Red Cross commissioner for Alberta, succeeding E. A. Corbett, who is leaving the post to resume his work with the extension department of the University of Alberta. Mr. Adams has been sub-commissioner during the present year and will take over the duties of his new office in Edmonton on January 1, 1928.

Alberta delegates to the annual meeting of the Canadian Red Cross Society at Toronto on November 29 and 30 will be Lieutenant-Governor Egbert, Mrs. C. B. Waagen, D. M. Duggan, M.L.A., and F. W. Dougherty.

A. B. KING REMAINS PRESIDENT OF A.A.H.A.

CALGARY, Nov. 21.—A. B. King was extended a vote of confidence by the executive of the Alberta Hockey Association at the meeting here over the week-end and he withdrew his resignation and is to continue in office as president of the association.

The meeting decided that intermediate clubs of Alberta be divided for this season. Those wishing to proceed under the November 15th residence date to be segregated and they will be more or less independent. They will not be eligible to play in the regular Alberta championship competition, nor will they have the privilege of playing the senior champions in the Allan cup elimination event. When the intermediate clubs submit their entries to the A.A.H.A. they must state under which residence rule they wish to play.

The intermediate clubs, operating under the regulation May 15th residence date will function in the usual way under the A.A.H.A. and will be entitled to the regular cards while November 15 sections will have their certificates specially marked.

Some of the executive members who had opposed the request by President King that the amendment to November 15 be rescinded, explained to the meeting that they wished to have the clubs' opinion on the motion before taking any such drastic action. They said it was not their deliberate intention to oppose the stand adopted by the president.

CANADA TOURIST TRADE REACHES HUGE FIGURE

OTTAWA—The value of the tourist trade to Canada has been mounting rapidly in the last few years, until now it is estimated to have passed the \$200,000,000 mark. Thus the Dominion's attractiveness has become an "invisible export" which is surpassed in value only by wheat among the 70 leading commodities exported from Canada, and if the "invisible imports" of expenditures of Canadian tourists in other countries are deducted, the balance represents an item exceeded in value by the exports of wheat and

only by the exports of wheat and Dividing the foreign tourist trade of Canada into three classes, those entering by ocean ports, entering from the United States by automobiles, and entering from the United States by rail or steamer, it is estimated that the first class spent during their stay in 1926 over \$5,000,000; the second nearly \$106,000,000, and the third, of which there were 2,300,000, about \$89,000,000.

These assets are offset to some extent, of course, by the expenditures of Canadians tourists in other countries, which have risen from \$46,000,000 in 1922 to \$96,000,000 in 1926, leaving a substantial "favorable balance" of over \$100,000,000.

Although the tourist figures for the present year will not be known for some time, officials confidently expect that they will break all previous records by a wide margin.

ONE WAY TO DEAL WITH THE MAIL ORDER PROBLEM

Newfoundland taxes all mail order catalogue concerns with one half the cost of the books coming into the country. The example set by the Crown Colony might well be followed in Canada. The revenue derived from this plan could go into the treasury of each town or village for the upkeep of local institutions. As it is now, the catalogue is a silent but most efficient salesman in each city, town and village in Canada, but it contributes nothing in return for the thousands of dollars it extracts from local trade. While this method would not likely curtail the trade, yet the revenue derived in each place would be a material aid in reducing the assessment for the high rate of taxation necessary to keep the civic machinery and public utilities in operation.—Ex.

BLAIRMORE UNITED CHURCH
Rev. J. W. Smith, Pastor

Serve the Church that the Church may serve you.

Services for Sunday, November 27, 1927.

MORNING SCHOOL at 11 o'clock. We shall resume our full school service for both schools. The subject for the Young People's classes will be "Jesus Chooses His First-Comrades."

AFTERNOON SCHOOL at 2. Let every boy and girl be in place next Sunday. After the lesson, Mr. Smith will show you some pictures from China—"How They Travel in China."

EVENING WORSHIP at 7.30. We are glad to announce that Rev. R. W. Hibbert, M.A., B.D., of the Religious Education Council of Alberta, will assist the minister at this service. His message will be timely and helpful to all.

TUESDAY at 7.30. The Y.P.S. will meet in the church. The committee in charge announce a very interesting evening.

WEDNESDAY at 7.30—Church Night. Last week was the best attended, and most helpful mid-week service we have had this fall. An increasing number of our people are getting the idea of "Church Night," it being one night a week set apart for worship and work in the church. The subject for November 30th will be "The Cure of Souls" or "Sharing the Healing Ministry of Christ."

CHURCH WORK IN CANADA.—Over 65 nations are contributing in blood and character and attainment to the building of a new Canada. More than 54% of the children who go to school west of the Great Lakes are of non-British extraction. The United Church of Canada preaches the gospel in more than 20 languages in Canada. We have 40 institutional churches, 14 hospitals and 85 missions among non-Anglo-Saxons in Canada. In one of these churches at a recent communion 40 were received in full church membership and 11 others placed on the probation list. These represent Roumanian, Hungarian, Serbian, Polish, Czech-Slovakian, Ukrainian, Russian and Bulgarian nationalities.

The future of Canada lies in the hand of the Christian church and this work is carried on by the Home Mission Board of the church through your gifts to the Maintenance and Extension Fund.

SUCCESSFUL TEA AND SALE

A very successful sale of home cooking and candy was held by the **Willing Workers** branch of the Junior Red Cross in the Community Hall at Frank on Saturday last, under the supervision of Miss M. Kroll, teacher.

Many donations for the sale table and fish pond were received from the various members of the Red Cross in Frank; also from the Terrill Floral Co., Young's, Osborne's, Linton's and the Independent Biscuit Company, Calgary. A beautifully-iced cherry cake, donated by Mrs. A. Sherring, was won by Mrs. J. J. Murray. The second prize, a fancy embroidered towel, donated by Mrs. W. Kroll, was won by Mrs. J. H. Naylor. The third prize, a pretty cyclamen plant, donated by the Terrill Floral Co., was won by Mrs. Monahan.

Refreshments were kindly supplied by the ladies of Frank. The net proceeds, amounting to \$23.00, will be forwarded to the Junior Red Cross hospital at Calgary.—M. Kroll, president Frank branch.

MOTTOES FOR MOTORISTS

Pedestrians should be seen and not hurt.—Life.

Say it with brakes and save the flowers.—Judge.

Time saved at a crossing may be lost in the emergency ward.—Milwaukee Sentinel.

No domestic science course is necessary to enable a girl to make a traffic jam.—Florence Herald.

THE SALVATION ARMY**COMMISSIONER RICH TO VISIT COLEMAN WEDNESDAY**

Lieutenant-Commissioner Charles T. Rich, of Winnipeg, commissioner for Canada West and Alaska, will be a visitor to the Salvation Army at Coleman, on Wednesday evening of next week, when he will be guest at a tea and later will address a soldiers' meeting, delivering his popular and new illustrated lecture, "The Romance of the Salvation Army."

The commissioner will arrive on the afternoon local, accompanied by Staff-Captain James Merritt, divisional commander, Edmonton, and Adjutant Mundy. The latter is particularly well known in these parts, having been assigned the task of establishing the Salvation Army in this district a number of years ago and being its first officer.

The commissioner had planned originally on making this visit on December the first, but in order to make train connection so as to be in Macleod on the evening of December the first, the Coleman date was changed to November the 30th. The party will leave for Macleod on Thursday's local.

GET YOUR RADIO LICENSE

Persons who have not got their radio license for the current year, which ends on March 31st, 1928, should obtain same from the local R.C.M. Police. If you have a radio and do not possess a license you are liable to prosecution and a fine of \$50.00.

ELKS' BIRTHDAY PARTY TOMORROW NIGHT

All Elks are looking forward to the big annual birthday party, to be held tomorrow night at the Tea Kettle Inn. A splendid programme has been in preparation and a most enjoyable time is assured.

DISTRICT COURT SITTING HERE

A sitting of the District Court was held here on Tuesday and Wednesday, presided over by Judge McDonald, of Macleod. The hearing of the Bush-Ferguson slander case was set over to the first sitting of the court in the new year, owing to the unavoidable absence of a material witness. A number of small debt cases were disposed of and a number of applications for naturalization were dealt with.

Legal lights in attendance were: Robert F. Barnes, Coleman; K. G. Craig, S. G. Bannan, J. E. Gillis and D. G. Mackenzie, of Blairmore.

CURLERS RE-ORGANIZE

A well attended meeting of all interested in curling was held at the Greenhill hotel on Thursday night of last week.

The election of officers resulted as follows:

Honorary President—Mr. G. A. Vlasak.

President—Mr. George A. Passmore.

Vice-President—Mr. John A. Kerr.

Secretary-treasurer—Mr. M. H. Cogdon.

Executive—Messrs. W. H. Chappell, D. G. Mackenzie, J. V. McDougall, F. Keer and P. Wasmock.

The matter of appointing skips was left with the executive.

The next annual meeting will be held on October 15th.

WHERE ELSE, INDEED?

Possibilities in this country are enormous. Where else under the sun can a man make a greater ass of himself than has Mayor Thompson, of Chicago? Mayor Thompson has removed all doubt that a man can make a monkey of himself whatever his line of descent may be.—Nashville Tennessean.

Mr. Skilling, of the Fernie-Port Steele Brewing Co., was in town Monday night.

NEW CHURCHES BLESSED AT COWLEY AND BURMIS

On Sunday last, His Lordship Bishop Kidd blessed two new churches in the south of his diocese, one at Cowley and the other at Burmis. These churches were built during the past autumn.

His Lordship, accompanied by Rev. Father Green, officiated first at Cowley. After the blessing of the building and the celebration of mass, they motored over to Burmis, about fifteen miles west on the Crows' Nest line.

The new Burmis church is an attractive edifice of stucco construction and located on the main highway. It serves an extensive farming district.

After the blessing of the building and furnishings, high mass was celebrated by Father Green. His Lordship preached in English and Rev. Father Roscinski delivered a fine sermon in Polish. The music for the mass was furnished by the choir of St. Theresa's church at Hillcrest.

Deep snow and very cold weather made travel difficult, but still at each place there was a large congregation.

The Burmis church was named in honor of St. Stanislaus Kostka. It is built in one of Father Donovan's missions and will be under his care.

After finishing the long offices of the day about 3 o'clock, His Lordship visited Bellevue and Blairmore and left on the night train for Calgary.

COWLEY HAPPENINGS

Born, to Mr. and Mrs. Kerr, of North Fork, on November the 22nd, an infant.

Miss Ada Elton, of Calgary, was a recent guest of Mr. and Mrs. Cecil Elton and family.

Mr. Peel spent a few days in Blairmore this week, visiting with Mr. and Mrs. Lionel Peel.

His Lordship Bishop Sherman will hold services in St. Aiden's Anglican church here on Sunday next at 7.30 p.m.

A children's choir has been organized in connection with the Anglican church here, with Mrs. Fred Tustian as leader.

Michael Elton, who is attending the school of agriculture at Claresholm, motored up to spend a few days in the district.

James Leigh and M. A. Murphy were Lethbridge visitors on Wednesday and Thursday. They made the trip by motor.

Mrs. Jack Kemmis, of Pincher Creek, spent a few days visiting relatives and renewing old acquaintances on the North Fork.

Mr. and Mrs. Penn, Miss Penn, Mr. and Mrs. Mundie and Mrs. Denmore, of Lundbreck, attended the whist drive here on Friday night.

The Ladies' Aid of the United church will hold a sale of work and home cooking and tea in the Masonic Hall on Saturday, December 3rd, from 3 p.m.

The opening services of the new Roman Catholic church on Sunday morning last were very well attended, and all were delighted with the very timely remarks of His Lordship Bishop Kidd.

The Roman Catholic church, which has been under construction for the past couple of months, was officially opened by His Lordship Bishop Kidd on Sunday last. The new structure is quite an ornament to the town.

A drifting blizzard kept up in this district all Tuesday and Tuesday night, and at present writing the snow is still falling. If the weather turns fine, it will be a few days before threshing operations can be resumed.

The whist drive and miscellaneous sale, held in the Masonic Hall on Friday night, under the auspices of the Women's Institute, was a decided success. Those winning the prizes at whist were: Ladies' first, Mrs. George Forter; consolation, Miss Helen Morrison; gent's first, Willie Mackay; consolation, Mr. Brownie.

THE PASS FIFTEEN YEARS AGO

(The Blairmore Enterprise, 1912) October 31.—An account from Messrs. Woods & Steele for \$240, for subdividing the Blairmore cemetery, was passed at Monday night's meeting of the town council.

Blairmore Lodge No. 68 of the I. O. O. F. held their annual banquet at the Blairmore hotel. Among the speakers following the banquet were: W. J. Bartlett, N.G., Dr. A. H. Baker, F. W. Doubt, James M. Carter, Rev. J. M. Beaton, Rev. W. T. Young, R. M. Brice, Mrs. J. F. Lank, Prof. A. E. Ottewill and Mayor Lyon. The following added to the musical end of the programme: Miss Margretta Williams, Mr. R. Green, Miss Mary Williams.

Born, at Mrs. Kidd's maternity home, on October 26th, to Mr. and Mrs. Lamont, a son.

Mr. R. B. Bartlett, of the Pioneer Furniture Store, Macleod, arrived in town last week end to open a branch store here in the big Budd block.

Enrico J. Pozzi is the latest addition to our business fraternity, having this week branched out as a contractor and builder.

November 8.—Woodrow Wilson was elected president and Thomas B. Marshall vice-president of the United States on Monday last.

In the school report for October, the following pupils are reported as having attended regularly during the month: Grade L, senior—Jeanette Thibodeau, Winnie Christophers, Catherine Lyon, James Nemura, Elizabeth McLeod, Duncan Baird. Grade II.—Katie Moxin, George Lyon, Charlie Howe, Lucy Hinds, Russell Vincent, Marion Ennis, Lillian Evans, Wilfred Dutil and Mabel Kafoury.

The work of brick-veneering the Blairmore opera house commenced this week.

November 15.—At a meeting of the Board of Railway Commissioners to be held at Nelson on December the 9th, the application of the Town of Blairmore for a railway crossing at Eighth Avenue will be considered.

At the regular meeting of the council on Monday night, Councillor A. McLeod asked that the town's banking business be apportioned equally between the Union and Royal banks.

Mrs. F. M. Pinkney and children and Mrs. F. M. Thompson and children leave on Saturday for a six months' visit to Scotland and England.

Born, on Sunday, November the 3rd, to Mr. and Mrs. J. B. Harper, a son.

Grand Master Alf. Brown, of the I.O.O.F., paid an official visit to Coleman and Blairmore lodges this week, accompanied by J. A. Tully, of the Oddfellows' Relief Association.

The new Wonderland theatre at the corner of Seventh Avenue and Victoria Street is being well patronized. The admission fee is five cents for children and fifteen cents for adults.

The machine shops of the International Coal & Coke Company, at Coleman, were gutted by fire on Tuesday night.

An accident occurred near the lamp house of the Canadian Coal Consolidated at Frank on Saturday, in which John Cizek, a Bohemian miner, lost his life through electrocution.

Boss: "Mike, how did the accident happen?"

"Mike: 'Well, boss, ye see, 'twas like this: I was driving me truck up State Street when I had to stop suddenly, and a fellow in a big car crashed into the rear end of me truck. Shure, it didn't hurt his machine very much, but he jumped off and ran up to me shakin' his fist and said: 'Hey, you little Harp, why didn't you put out your hand?' 'Put out me hand?' says I. 'Ye fool, if ye couldn't see the truck, how could ye see me hand?'"

REPORT ON ICE CONDITIONS AT PORT CHURCHILL

Ottawa.—Present conditions at Port Churchill and Port Nelson are similar with respect to the ice situation, according to a statement issued by the Department of Railways and Canals. Both rivers are full of ice, moving up and down with the tides. The statement says in part:

"The Department of Railways and Canals is in almost daily touch with temperature and weather conditions at Nelson and Churchill. The latest message received was on the 14th and conditions at that time were exactly the same at Churchill and Nelson, both rivers being full of ice, moving up and down with the tides."

"On November 6 ice formed temporarily at Churchill, but not to an extent sufficient to have presented any difficulty to ice breakers which are employed in the St. Lawrence and at the head of the lakes to deal with similar conditions. At that time the approach to Churchill was entirely free of ice, whereas a great deal of heavy ice was visible off Nelson. That has been observed to be a recurrent condition there, and is one of the difficulties associated with 'navigation' in the Nelson estuary where deep water is 20 miles from the partially constricted harbor works. Heavy ice was not observed off Churchill until the 13th instant. Temperature records of both water and air indicate that the reason at Hudson Bay is abnormal to the extent of two or three weeks."

Says Bolshevism Is Being Undermined

End Of Soviet Rule Predicted By Worker

London.—The "Worker" correspondent of the Daily Mail, explaining that he has just returned from Moscow, says that the anniversary occurrences and the consequent action against the oppositionists signify a split in the Communist Party, and "show" that forces are at work which in the long run must undermine Bolshevism."

The writer declares that thousands of those who applauded Trotsky's opposition speech November 7 were arrested. It was suggested that he himself had been arrested and that his supporters in some places had been shot down, but this could not be verified.

A Riga despatch to the Daily Mail reports that Trotsky and Gregory Zinoviev have been outlawed and deprived of their homes and means of existence. The correspondent transmits rumors of possible military revolts, with the Stahn group prepared to take flight if necessary.

French Hostages Released

Held Captive By Moorish Brigands Until Large Ransom Was Paid

Rabat, Morocco.—The six French hostages kidnapped by the Moorish brigands in October, and held for ransom of 2,000,000 francs, in gold, approximately \$400,000, have arrived at French outposts.

The prisoners, arrangements for whose ransom had been made, included Yves Steeg, nephew of the French resident general, Jean Mallory, Francis von Steinhilber, Madame Marie Prokoffor and two little girls named Arnaud, whose parents were murdered recently.

The prisoners were delivered to French outposts in the East Delta, at 4 p.m. after the ransom had been paid. Steeg and his party were kidnapped on October 23, while on a hunting trip. The two children were kidnapped several days previously.

Finger Prints By Radio

London.—The successful use of radio to exchange messages between the police of Scotland Yard and Chicago was announced here. Finger prints exchanged by wireless enabled the London police to identify a man held here as one wanted by the United States city. The authorities indicated the man would be returned to Chicago.

Mexico Bans Food Exports

Mexico City.—For the purpose of conserving domestic food supplies, the government has prepared an order forbidding the exportation from Mexico of "excess of domestic food supplies." These include corn, wheat, beans, peas, potatoes, salt, butter and sugar. Coal may also be included later.

"Britain's Waning Prestige"

New York Editor Speaks Of Alliance With United States

Chicago.—Great Britain is trying to avert the disintegration of the Empire upon which "the sun never sets" by formation of a union with the United States, Charles E. Russell, New York editor and lecturer, declared at the trial of William McAndrew, suspended superintendent of schools.

Russell, who was commissioner on public information to England during the world war, was called to substantiate charges of Mayor William Hale Thompson that British propaganda had entered schools of the United States in world wars.

Since the world war, British dominions have drawn away from the mother country and the British foreign markets have been narrowed, Russell testified. A waning prestige in world affairs would be restored through an alliance with the United States, he concluded.

Should London propaganda be successful in the United States and an English-speaking union result, a war between Britain and the United States on one side, and France, Spain, Italy, Portugal, Mexico and South America on the other would be inevitable, Russell predicted.

Drastic Changes In Manitoba Liquor Law

Will Be Submitted By Provincial Government When Legislature Assembles

Winnipeg.—In a determined attempt to eliminate the bootleg liquor trade from the province, the Manitoba Government has prepared drastic changes in the provincial liquor laws, according to reports emanating from the parliament buildings. It is reported that not only will the sale of beer by the glass be instituted, as the electors demanded in the plebiscite of last June, but the government will provide for the sale of hard liquor through a cash and carry system.

The Manitoba Free Press says: "Sweeping changes in the liquor laws of the province are made in the form of a bill which the provincial government will submit when the legislature assembles early next month."

"All existing liquor legislation is repealed and the new law will, according to unofficial but reliable reports, provide not only for the sale of beer by the glass, but for the sale of hard liquor by the bottle, or the cash and carry system."

Twenty-Five Nations Enter Olympic Games

Hockey Players From Canada Will Participate In Winter Sports

Geneva.—Twenty-five nations have announced their intention to date of participating in the second Olympic winter games in February, 1928, at the famous Swiss winter sport resort of St. Moritz.

Preparations under way as well as the entries that have been made indicate the games will exceed in interest from every point of view the first Olympic winter games, which were held in 1924 at Chamonix.

The official program which will cover a period of a little more than one week, from February 11 to 19, includes individual contests, team contests and demonstrations. These cover skating, hockey and bob-sledding, besides demonstrations of "skijoring" or skiing behind horses.

The hockey contests will have representatives of the best ice teams of the world including those of Norway, Sweden, Poland, Czechoslovakia, Canada and many others.

Pays Death Duties

London.—Right Hon. Winston Churchill, chancellor of the exchequer, announced in the House of Commons that Lady Houston, widow of Sir Robert Houston, had paid to the government £7,500,000 as an "act of grace," despite the fact that the wealthy shipbuilder before his death moved to Jersey Island, presumably to avoid the high British death duties.

A More United Canada

Ottawa.—Despite the conservative tendency to farm life by modern conveniences, Canada's youth will not stay on the land until agriculture is put on the same footing as industry, declared Premier J. E. Brownlie, Alberta speaking here. He also stressed the inter-dependence of the provinces, in urging a more united Canada.

Fined For Cruelty

Ottawa.—Catching the hare with steel-headed hounds caused the brute unnecessary suffering, Magistrate Houghall held in the police court here. He said two women who persisted in carrying their hounds in that manner after they were warned by the humane society inspector.

Figures In British Finance

E. R. Peacock, M.A., of London, England, former Canadian, son of a Glasgow minister, and once on the staff of Queen's University, Kingston, who is now a dominant figure in British finance. He is at present in Canada and calls the Dominion the country of the future.

BRITAIN DECIDES ON REDUCTION OF NAVAL PROGRAM

London.—Although provision was made in current naval estimates for laying down three new British cruisers this fiscal year, only one will actually be laid down, Right Hon. W. C. Bridgeman, first lord of the admiralty, told a questioner in the House of Commons.

Mr. Bridgeman said the Government had decided that in view of the situation disclosed at the recent Geneva tripartite naval disarmament conference it was not necessary to proceed with laying down the other two vessels this year.

Commenting on the statement The Westminster Gazette's political correspondent says: "The Government at last has bowed to the storm of protest from the country over the excessive national expenditure and the need for further disarmament measures. Whether, however, Mr. Bridgeman's statement is a concession in form or of substance cannot be determined until next year's shipbuilding program is presented to Parliament."

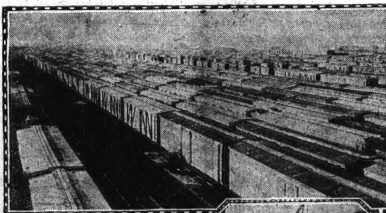

Prince Is Popular

London.—The acclamatory demonstration by admirers of the Prince of Wales within a few days occurred recently when 5,000 women and flappers, who had gathered to watch the Prince emerge from a moving picture show rushed his automobile.

Change Design Of British Coins

London.—On December 1, for the first time since 1816, a simultaneous change in the designs of all British silver coinage will be effective. Gold and copper coinage will not be affected. The alterations are all on the obverse side.

C.P.R. Handles Record Amount of Grain

Grain marketing and loading figures for the week of October 22 to 23 constituted a record for the Canadian Pacific Railway since that company first handled grain out of the West.

During the same week the peak of the grain rush was reached and the bulk of the great crop of 1927 hauled to elevators ready for shipment. This period saw 25,331,000 bushels of grain marketed over Canadian Pacific lines, an increase of 11,778,000 bushels over the same period of 1926, which year was considered one of the greatest grain years in history of the west.

Monday, October 24 was the record day when 8,149,000 bushels were marketed. This exceeds by several million bushels the total grain production of Western Canada in the year 1927.

As a result of the heavy marketing the grain loadings reported by this railway reached a record figure. For the same period this year 12,552 cars

Electric Accumulator Is Latest Invention

Device May Revolutionize Every Form Of Transportation

London.—An electric accumulator, stated to be powerful enough to drive an express train over a long distance on any existing track without a third rail or overhead wires, is being secretly tested in London, says the Daily Express.

The accumulator, or storage battery, is the invention of a Spanish Jesuit priest, Father Almeida, of Salamanca, who is backed by a group of prominent British financiers. The device can also be used on automobiles, the paper said, which forebodes the possibility of its revolutionizing every form of transportation.

A company has been formed to develop the invention but its directors are refrained from advancing claims for it until its success is demonstrated.

Winners At Royal Show

Grain From Saskatchewan and Manitoba Given Prizes At Winter Fair

Toronto.—A sample of the new variety of wheat, known as Reward, exhibited by William Pierce of Birtle, Man., took first prize in the spring wheat (except durum), competition at the Royal Winter Fair. Some 50 samples were entered in the class.

Second and third places also went to Western exhibitors, Joseph Hames, of Orkney, Sask., taking the second ribbon, with his exhibit of Marquis wheat, while George S. Canfield, of Wilkesburg, Sask., won third place, also on Marquis.

In the durum wheat class William Dornborough, of Laura, Sask., took first place, while his son won second prize, and J. W. McElroy, of Marquis, Sask., was awarded third.

All fall wheat prizes went to Ontario exhibitors.

Name Stations On H.B. Line

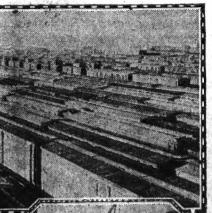

Request Made To Name Stations After Men Who Boosted The Road

Saskatoon.—Commissioner J. H. Holmes, of the local Board of Trade sent the following telegram to Hon. C. A. Dunning, minister of railways: "Ottawa press dispatch, fourteenth instant, states names of stations on Hudson Bay Railway are now being decided upon. In that connection we continuously express the hope that justice will be done to Saskatchewan men identified for over 40 years with highway project, and concerning whom unanimous public opinion concedes the rendering of essential service in furtherance of opening the Hudson Bay route. Please acknowledge receipt."

Gives Figures To Government

London.—Sir Arthur Steel-Maitland, Minister of Labor, replying in the House of Commons to a question said in the past 12 months 83 men had applied at Labor exchanges in Liverpool and district for settlement in Canada. Ten of these, he said, had withdrawn their applications and 16 were not acceptable by the Dominion authorities.

C.P.R. Handles Record Amount of Grain

View of grain cars at the Transcona yards, Winnipeg. Loading Canadian freight cars for U.S. markets.

were loaded as compared with 8,376 cars for the corresponding period of last year.

Despite the exceptionally heavy movement of grain, operations at the Transcona yards in Winnipeg, where grain activities centre, have gone along without a hitch. This was made possible by months of preparation for the expected rush.

Horses For Chicago Show

Western Canada Breeders To Have Entries In Livestock Exhibition

Chicago.—The horse breeders of Western Canada, long renowned for their success in the production of high grade draft animals, will come to the International Livestock exposition here this week, favored to win a large share of the ribbons in the draft horse division.

Particularly in the Clydesdale class are they expected to make a strong showing.

Many of the familiar names among the Canadian breeders are absent from this year's entry list in the Clydesdale class, Haggerty and Black, breeders of last year's grand champion, are not entered, nor is J. H. Pearce, who bred the reserve champion. However there will be a heavy entry from other Western Canadian breeders.

To Represent Canada

Senator Dandurand Will Leave For Geneva Within Few Days

Ottawa.—The Canadian Government will send Senator Dandurand, government leader in the Senate, as appointed Canada's representative at the next session of the League of Nations Council, Premier King announced following a meeting of the privy council. The prime minister declared that Senator Dandurand would leave for Geneva within the next day or two to be present at the forthcoming council meeting.

Senator Dandurand represented Canada when this country was elected to the council of the league this year. The prime minister pointed out that the appointment was not permanent.

Eight Fighting Planes

Canadian Government Purchases Machines For Military Training

Ottawa.—The Canadian Government will receive eight fighting aeroplanes during the next month to be sent to Camp Borden, Ont. Planes used in present day military training are divided into three classes—initial training planes, advanced training planes, and service planes. Of the first two classes there are already a number at Camp Borden, but not actual fighting machines, so the final course of a military aviator could not be completed there. The new planes will complete the cycle of training.

ALL-CANADIAN PRODUCE DINNER HELD AT OTTAWA

Toronto.—Sixty years of agricultural development in the Dominion of Canada were fittingly celebrated by representatives of the country's food industry at an all-Canadian produce dinner given by Hon. W. R. Motherwell, Minister of Agriculture, on behalf of the Federal Government, on the opening day of the Royal Winter Fair. The gathering was honored by the presence of His Excellency the Governor-General and in addition to the Ministers of Agriculture from many of the provinces, many leaders in the public life of the country were seated at the head table.

Addresses by Lord Willingdon, the Federal Minister of Agriculture, and the ministers from the various provinces reflected the spirit of optimism which prevails throughout the country, the great strides which have been made along agricultural lines since Confederation and the prospects for even greater progress in the future.

Following the greeting of the Governor-General, Hon. Mr. Motherwell recalled the advances made in the industry, laying particular stress upon legislation designed to improve agricultural conditions, and he was followed by Hon. J. C. Bell, Minister of Public Works, Hon. J. S. Martin, Ontario; J. Donnelly, Quebec; Hon. J. A. Walker, Nova Scotia; Hon. L. Smith, New Brunswick; Hon. A. Prefontaine, Manitoba; Dr. Warrane, British Columbia; Hon. W. M. Lea, Prince Edward Island; J. J. Robertson, Saskatchewan and Hon. George Hurdley, Alberta.

The gathering concluded on a note of caution by the Alberta minister who, while endorsing the optimistic remarks of the various speakers, appealed for earnest consideration of the immigration problem. He declared that because of the great industry which has been built up the question now is to find the means and develop ment should be given to it.

"Who are we going to ask into Canada to develop all these things—anybody?" queried Mr. Hurdley. "Our duty is clearly to give some thought to the question as we are up to us brought into the country."

MANITOBA OFFER TO FINANCE ROAD MAY BE ACCEPTED

Winnipeg.—It is regarded as practically certain that the provincial government's offer to make annual payments up to \$100,000 for five years, to offset possible operating losses, will be accepted by the Dominion Government, and that an almost immediate start will be made with construction of a railway from near The Pas on the Hudson's Bay Railway, to the Flin Flon mining area.

The offer was made by the Bracken Government as an alternative to the request by the Dominion Government for a cash subsidy of approximately \$500,000. A message received from Ottawa stated that the offer had made a good impression at the Dominion capital and it is recalled that Hon. Charles Dunning, Minister of Railways and Canals, informed Premier John Bracken at the recent Dominion-Canadian conference that though he had at the moment favored the cash subsidy plan, if Manitoba put forward a proposition on the lines now set forth, it would be accepted.

The construction of a railway into the Flin Flon area is a long post development of the north country, and it is stated, will involve a capital investment of \$500,000, including \$300,000 in the immediate Flin Flon district.

Bandits Attack Train

Soldiers Killed and Passengers Wounded On Mexican Train

Mexico City.—Eighteen soldiers and one officer were killed when a large group of bandits attacked a passenger train between Palmar and Aguascalientes, despatches from Aguascalientes state. The bandits executed the engineer and a fireman.

Three soldiers and six passengers, including a woman and two children were wounded in the encounter. No detailed account of the attack was given, but the bandits were merely stating one officer and the soldiers, entrenched in one of the cars, fought to the last.

The train afterwards arrived in Aguascalientes with the wounded. It was reported the bandits had been dispersed before the train continued its journey.

Nine soldiers of the train guards were killed and 12 second class passengers and an express messenger were injured when several coaches of the Puebla-Vera Cruz passenger train jumped the tracks and turned over. The accident occurred about 35 miles from Jalapa.

Will Support Commission

United States Decides To Co-Operate On Disarmament Question

Geneva.—The United States has officially decided to continue its co-operation with the special disarmament commission created by the League of Nations for the preparation of a general conference on reduction in world armaments.

Washington notified the League that Hugh R. Wilson, United States minister to Switzerland, has been appointed American representative on the commission which meets here, Geneva, November 30, to continue work on the preparation of a draft treaty.

Man With the Longest Beard Dead

Whipston, N.D.—Hans Langseth, 82, Richland County farmer, famous for his 17 foot beard, is dead.

For years after letting his beard go uncut from July 14, 1875, he travelled around the world with a circus without meeting a match for his beard, which he could wrap around his neck like a long muffler. In 1923 he won the world's longest beard championship at the days of '49 celebration in Sacramento.

Denied Vote In Ireland

Belfast, Ireland.—The Northern Ireland legislature, by a vote of 25 to 11, has rejected Joseph Devlin's bill giving women the right of franchise at 21, and saying as new Premier Lloyd Craigavon said that when the Government later introduces its bill to abolish proportional representation it should embody it in a provision for the enfranchisement of women at 21, if the British parliament did the same.

Gigantic Airplane Carrier

Canada, N.J.—The United States navy's newest and largest airplane carrier, the USS Langley, has been launched. Capable of making 23 knots, with its electrically driven propellers, the mammoth 25,000-ton ship is also said to be the fastest large ship afloat. It is to be equipped with 15 aircraft, and is up to 20 knots.

BELLEVUE, ALBERTA

Dr. A. H. Baker, formerly of Blairmore, now resident medical supervisor at the Keith Sanatorium, Calgary, has been elected president of the Alberta Hospitals Association.

The Crows' Nest Chapter, I.O.D.E., will hold a tea and sale of home cooking in the Elks' Hall on Saturday, December 10th, from 3 to 6 p.m. Come and bring your friends.

LUMBERMAN DIES OF INJURIES

The death occurred at Fernie hospital last night of Cesare Cerutti, of Blairmore.

Cerutti met with an accident in the lumberwoods near Homers several months ago and has been a patient in hospital ever since.

The remains will be brought to Blairmore tonight and interment will take place on Sunday afternoon at 2 o'clock.

Cerutti leaves a wife and family, residing in Italy.

THE SALVATION ARMY, COLEMAN

Sunday, the 27th, will be cadets' Sunday, to which all young people are invited. The cadets are trained to sing, speak, pray, bible study, why and whereof of the Salvation Army.

Tuesday night, bible study and singing, at 7.30. Thursday night, open air at 7 o'clock, when the streets will resound with music and singing old gospel songs from the S.A. song book, and a message from God. Friday night at 7.30, Home League. Saturday, open air at 6.30 at Coleman, 7.30 at Blairmore.

HILLCREST NOTES

The Young People's Society held an important meeting on Monday night, when games, singing, etc., were followed by refreshments. The Blairmore Young People's Society were to have been present, but owing to the condition of the roads were unable to do so.

The provisional date for the presentation of the character sketch and concert, in aid of the United church, is December 7th. Keep this date open, as the entertainment will be of a high class nature.

The choir of the United church is now well organized and Mr. Scampston is director. There will now be added interest in the services.

The Ladies' Aid are planning their annual bazaar, to be held on Saturday, December the 10th. Sale of work, Christmas novelties, home cooking, etc., bran dip and tea.

C.N.P. MINISTERS' FELLOWSHIP ASSOCIATION

The regular meeting of the Crows' Nest Past Ministers' Fellowship Association convened at the manse of the United church, Blairmore, on Monday evening, the 21st. The ministers from the west were late in arriving and the meeting did not begin until 5 p.m.

A very interesting paper was given by Rev. R. W. Griffith, of Cowley, followed by a discussion.

A chapter on the study book was reviewed by Rev. John Garden, of Pincher Creek.

Rev. and Mrs. Smith entertained those present at supper, including Revs. N. Bunt, J. H. Garden, Howley James, J. L. Wright, R. C. Taylor and Capt. Hind.

The next meeting is to be held at Blairmore on Monday, December 5th.

SEALED TENDERS, addressed to the Postmaster General, will be received at Ottawa until noon on Friday, the 23rd December, 1927, for the conveyance of His Majesty's Mails, on a proposed Contract for a period not exceeding four years, twelve times per week, on the route Bellevue and Railway Station (Hillcrest) Can. Pac. from the 1st April next. Printed notices containing further information as to conditions of proposed Contract may be seen and blank forms of proposal may be obtained at the Post Office of Bellevue and at the office of the District Superintendent of Postal Services, Calgary, Alberta.

J. B. CORLEY,
District Superintendent of
Postal Service,
Calgary, Alberta.
24th November, 1927. [N17-D1]

Local and General Items

DR. WOODCOCK, eye, ear, nose and throat specialist, of Lethbridge will be at Dr. Olivier's office on Sunday, November the 27th.

A whist drive and social will be held in the Moose Hall on Wednesday night next, under the auspices of the Women of Mooseheart Legion.

Roads between Blairmore, Bellevue and Hillcrest are now blocked to traffic, but as we go to press plans are being made to have them opened.

"Tiger" Flowers, former middle-weight champion, passed away at New York on Wednesday night of last week, following an operation.

Two Coleman Scotchmen got married by one ceremony the other day, but were very much hurt when they found it didn't reduce the average cost any.

Through the activities of the newly formed civic government association, upwards of one hundred and fifty names have been added to the voters' list at Red Deer.

Judgment in favor of Mrs. Ethel Baines, whose husband was killed in a train wreck at Seven Persons or April the 9th last, was handed down by Mr. Justice Tweedie for the sum of \$17,000.

Hello, Bill! Put on your glad rags and get the wife or your best girl and be at the Elks' third annual birthday party to be held in the Tea Kettle Inn tomorrow (Friday) night, commencing at 8.30.

The arena was opened on Monday with a large crowd taking advantage of the free night of skating. Several local Scotchmen, who did not learn of the free night until the next day, have not as yet recovered.

The whist drive and social held in the Lodge Hall last night by the members of Crowfoot Rebekah Lodge, was not as well attended as might be expected. Six good prizes were awarded.

Frank Leary and Thomas Smith were delegates to the Mine Workers' Union of Canada convention at Calgary this week. Dave Gillespie, W. J. White and S. Danlyuk attended from Coleman, and Jack Brooks from Bellevue.

In our report of St. Anne's church bazaar last week, we omitted mentioning Mrs. C. Bouthillier as the winner of the seventh tombola prize, a case of apples, donated by M. Kubie, Junior. Rev. Father Harrington was the winner of the doll.

Chief Justice Harvey will be the King's representative in Alberta during the absence of Lieut.-Governor William Egbert, who is attending the annual convention of the Red Cross in Toronto.

Some time ago, Bob Gray was considering the purchase of a new car from the Crows' Nest Pass Motors. Mr. Morgan (telling him how to drive the car)—"In case of emergency the first thing you should do is put on the brake."

Gray—"Why, I thought it came with the car."

The school girl was sitting with her feet stretched far out into the aisle and was busily chewing gum when the teacher espied her.

"Mary!" called the teacher.

"Yes, ma'am?" questioned the pupil.

"Take that gum out of your mouth and put your feet in!"

There is a club in New York devoted to the laziest men in the world. Any attempt by a member to hurry is punishable by a fine.

One day a member was seen driving his car past the club at a high rate of speed. Summoned before the committee, he excused himself by saying that he was too lazy to take his foot from the accelerator.—Yale Record.

Just as someone had remarked that the temperature was low last week, we had both our ears frozen—and that's high!

Announcement is made of the death of Mr. G. E. C. Martin, formerly connected with the Canada Smelting Co. at Frank.

Born, to Rev. and Mrs. Thomas Hart, on Sunday, November the 13th, at Sunnyside Hospital, Edmonton, a son.—Mannville News.

Ashley Edwards succeeds the late Norman S. Rankin as special publicity agent and editor of the Bureau of Information, department of colonization and development, Canadian Pacific Railway.

Bill Johnston, formerly of Coleman, but recently of Olds, Alberta, has joined the local staff of Plunkett & Savage and will this winter be a valuable acquisition to the local senior hockey team.

At the annual convention of the Alberta Press Association, held recently, the name of the organization was changed to the Alberta Division of the Canadian Weekly Newspapers Association.

Bishun Singh suffered a nasty gash on his right arm on Tuesday, when he came into contact with a moving saw at McLaren's Mill. He was rushed to Blairmore where it was found necessary to insert ten stitches to close up the flesh wound.

The Fernie Free Press states: "There are lots of rumors flying around these days about the plans of the Consolidated Mining Co. regarding calcium phosphate development in the Fernie district, but nothing definite has been announced yet."

Carrying live hens with their heads downward causes the birds unnecessary suffering, Magistrate Hopewell held in the police court at Ottawa. He fined two women who persisted in carrying their fowl in that manner, after they were warned by the Humane Society inspector.

The many friends of Mr. Chris. Rogers will regret to learn of his misfortune in losing his right arm while following his employment at one of the Coleman mines. His arm got caught in the cogs of a piece of machinery, completely severing the member just above the elbow.

We regret to report an accident to Grand Secretary Bro. Royal Burritt, who had the misfortune to have his knee cap badly dislocated. It was necessary for him to go to the hospital, where he will be confined for a number of weeks. He reports, however, that he has arranged so that his office affairs will be given good attention. His stenographer will call at the hospital daily and mail matter will receive the usual prompt attention.—Canadian Elk.

BAN ON SMALL ENVELOPES

The post office department has declared war on the small envelope, and milady's dainty envelope is soon to be a matter of history. Primarily responsible is the new cancellation machine adopted by the postal authorities. When the cancellation stamps were imprinted by hand there was no great need for uniformity of envelope sizes, but now, it is pointed out, mischievous containers of uniform size are necessary to the efficiency of Canada's postal system. The post office authorities negotiated with the manufacturers, and the latter have agreed not to turn out any more small envelopes. The most important and far-reaching stipulation of the agreement is that no more small Christmas cards necessitating the use of tiny envelopes will be made. Get your envelopes at the office of The Enterprise, with your name and address.

ST. LUKE'S CHURCH

Services for Sunday, 27th November, 1927—
10 a.m.—Sunday School.
11 a.m.—Morning Service.

A young woman went into our local bank the other day to have a cheque cashed. "But, Miss," said the clerk, "you'll have to get someone to introduce you before I can pay you the money on this cheque."

She stared at him disdainfully. "Sir," she said haughtily, "I wish you to understand that I am here strictly on business. I am not making a social call, and I do not care to know you!"
